 HIS FRIENDS.

The Mayor of Cambridge has declared war on the Kansas City Sun, a vile publication that once afflicted Marietta, and has the agent in jail in default of \$1000 bail.

Our snake editor is entirely incapacitated for duty, having overworked himself yesterday, and will not be in harness again for several days. To avoid excessive telephone tolls our kind friends will desist until he recovers.

The people of the Ohio Valley demand the improvement of the river. The hundreds of millions of dollars of capital invested in this valley demand it. The prosperity of the whole Nation demands it. As we have said a score of times, accompanied by proofs, the commerce of the Ohio River is greater and more valuable than that of all the rest of the vast Mississippi system put together. No equal investment by the Government in any other manner could do one-fourth part as much toward promoting the prosperity of the whole country as this rightfully demanded sum.—Tribune.

MARCH FIFTEEN, 1896.

The Date Upon Which The Rivers and Harbors Committee Will Visit Marietta.

According to a definite plan outlined by the Rivers and Harbors Committee, they will arrive at Marietta on their trip down the Ohio on Sunday, March 15th. Of course, something may occur to delay the event till a later date, but if no unforeseen circumstances arise the visit will be made according to present arrangement.

The committee will leave Washington on the evening of March 12th, coming to Fairmont over the B. & O., thence proceeding over the Pittsburg branch to Morgantown. At this point the party will board a steamer for Pittsburg, where the distinguished party will be handsomely entertained. On the morning of the 14th the Congressional party will board the elegant Cincinnati and Pittsburg packet "Virginia," and proceed down the river to this city, arriving on the evening of the next day.

The party will number probably thirty-five persons, several members being accompanied by their wives or daughters.

It is the expectation that the Congressional party will go down the river as far as Parkersburg and return to Washington via the B. & O. It is the desire, however, that they proceed as far as Cincinnati.

Rainbow.

Mrs. L. P. Reynolds, of Waterford, is visiting friends in Rainbow for a few days.

Mrs. J. W. Dyer, of Rainbow, celebrated her birthday Saturday, the 29th ult., at her home. Mrs. Milton King, of Lowell, and several other guests were present. Mrs. King's birthday is on the same day, and it will not occur again for eight years.

BIGGER AND BETTER

Than Ever in the Boiler Works Contract Signed Yesterday.
 Since the coming to this city a week ago of Messrs. Leidecker, Hughes and Schaffner, of Butler, Pa., we have repeatedly mentioned the progress being made toward the final closing up of the big deal and at times have been provoked at the carping statements of skeptics.

The Committee of Ten have labored faithfully toward the final adjustment of the matter and the gentlemen promoting the enterprise have met them half way with a friendly spirit at every turn. At a meeting Monday afternoon of all parties concerned a complete understanding was arrived at, an amended contract drawn up and signed without hesitation by Mr. Leidecker and four of his associates. It now remains for Marietta to do her part.

The new contract is in reality a better one for the city than was the original. It involves an addition of \$3,500 to the subscription list made necessary by the enlarged requirements of the plant, which fact is itself reason for congratulation. The contract calls for a company capitalized at \$80,000 or over, the employment of 100 or more hands on a payroll of \$1350 weekly, and stipulates that they must continue in operation for at least three years. By its provisions the money subscribed is to be held in trust until the plant has been in full operation for 90 days, the payment of the fund at the end of that time to the company being guaranteed by the citizens.

There is yet some money to raise on the \$3500 additional required. The Committee of Ten will go at the work in earnest today and expect to and should receive the heartiest co-operation on every hand. It is necessary that the list be completed within a few days.

Not because it is news, but for the sole benefit of the doubters, we reiterate the fact that the boiler works is ours. Messrs. Leidecker, Hughes and others go home to Butler this morning, satisfied that the subscriptions will be forthcoming, and prepare immediately to let the contract for the buildings.

Get ready for the Committee, gentlemen.

Fillmore.

Mr. Hugh Weir, a highly respected citizen of Decatur township, died last week, in his 85th year. Mr. Weir was born in the county Donegal, Ireland, and came to this country when 28 years of age.

There will be a meeting at the Decatur township High School building on March 14th, at 1 o'clock p. m., to organize a Farmers' Club.

Mrs. Jane Irvine is on the sick list.

Mrs. Marion Johnson, of Parkersburg, W. Va., is visiting relatives in this vicinity.

Mr. Joe Coe, of Qualey, preached an eloquent sermon to a crowded house last Sabbath afternoon. We wish brother Coe success in this new field of labor, for which he seems so well qualified.

Dinsmore & Place have just received at Qualey, a carload of bran from Minneapolis, Minnesota.

Rev. Lambert has just closed a two-weeks protracted meeting at the U. B. Church.

Miss Zillah Kays has gone to live with Mrs. Miranda Yates, at Westerville, O.

DIDN'T MAKE A CONTRACT.

The Fact Brought Sorrow to an American Abroad.

A well-known Philadelphia lawyer, who has just returned from abroad, tells the Record a rather remarkable story of his experience with a doctor in Paris. "Over there," he remarked, "everything is done by contract—a fact which I discovered to my sorrow. My wife caught a severe cold and was taken quite ill. I called in a French physician who had been highly recommended by the proprietor of the hotel at which I was stopping, and he paid five visits to my wife, after which she was so much improved that his services were no longer required. The next day I received his bill for 2,500 francs, which is equivalent to \$500. Thinking a mistake had been made, I went to his office, where he smilingly assured me that the bill was correct. To my remonstrances he replied: 'But monsieur made no contract with me.' When I told him I wouldn't pay such an exorbitant bill, he informed me that it would then be impossible for me to leave France. In desperation I consulted a friend of mine who resides in Paris and found that the frog-eating doctor had me where the hair was short, and in the end I had to pay it."

The Grace Street Baptist church, Richmond, Va., built about two years ago at a cost of \$35,000, was destroyed by fire Tuesday. The Richmond female seminary was also damaged about \$2,000. Insurance \$25,000 on church.

Waterford.

Chas. Henry, son of Owen Henry, from Dalton, Ill., paid his many friends a visit last week. He is one of the heirs to the fortune left by a relative who recently died at Cadiz, O.

C. C. Smith is delivering baled straw at Waterford to be shipped on the Str. Lorena. Mr. Kelley will also help to load the boat with hogs, eggs, poultry etc.

Mrs. Minna McNeal is quite ill at this writing with something like a severe attack of grippe. Miss Rowa Tucker is also unable to be around.

Geo. Buchanan will start for Ills. in a few days. Wages are much better in the West. \$18 to \$25 per month for farm hands would be counted extravagant here.

Mrs. Della Maister visited her brother Link Yarnell at the Dana farm Saturday.

Mr. Varner & Co. unloaded a new engine at Waterford Monday, purchased from the Geiser Manufacturing Co. They will test it this week.

A straw stack was blown upon two cows belonging to Geo. Hart, last week and injured them quite severely.

Mrs. Bartlett who was so badly injured by a runaway, is getting much better but is not able to leave her room. A tumble over the rocks on Proctor Hill can not be called a slight accident.

D. A. Shinn, of Windy Point is going into the thorough bred poultry business, having purchased a pen of High Class Buff Cochins. Look out for his add. in these columns in a few weeks.

We are glad that two of the Mul-holland orphans have found good homes. The little girl, Mary, lives with Mrs. Os. Pugh. Little Bob is with W. B. Shaw, of Round Bottom.

Miss Lizzie Dipple, teacher at Pleasant Valley is quite ill, so much so that she had to dismiss her school for a few days.

A Brutal Fight.

Chilllicothe, O., March 1.—A brutal prize fight took place in this city at a late hour last night between two Irishmen, named James Foy and Thomas Casey, in a room over the saloon of a man named Near, on Main street. Twelve rounds were fought in a half hour with bare knuckles, both men being terribly punished, and Foy was knocked out. The police got wind of the affair after it was over, and all parties interested were locked up. About a dozen men witnessed the fight.

DOG DETECTIVE.

Does What Human Sleuths Had Worked Upon Three Months in Van.

The Cincinnati papers contain an almost incredible story, which, nevertheless, seems to be well authenticated. In the early spring of 1895, a business man of Cincinnati, Charles Hermann by name, disappeared, and no trace of him could be found. For three months detectives worked upon the case without avail.

Soon after his disappearance, Hermann's dog was found, badly poisoned, and near the point of death. The animal was sent to the hospital for dogs, and remained there two months under treatment, not being suffered to go out. But his life was saved.

When at last the dog was liberated, he began to search for his master; and after a good deal of running about, commenced digging on the banks of the Ohio river, opposite Cincinnati. There, after a time, he unearthed the body of Charles Hermann.

There are indications that a murder was committed, and that poison was administered to the dog at the same time. Very likely it was thrown to him by malfactors who dared not shoot or touch him.

The body was identified, but unfortunately the sagacious dog could do no more.

HEELS

Get used to being skinned, said the old lady as she threw the last one into the pan. A "merchant" who looks as though he had recently escaped from a hearse, through the neglect of the driver, must think the same of the Marietta public, but we're quite certain of just the opposite. Flashy promises, never meant to be kept, may delude a buyer once but once only. Every dealer must charge a profit over cost, and the unwise buyer finds this out sooner or later, generally sooner. We sell everything with a profit and we're not ashamed to tell it, and we don't want you to think we are giving our DRUGS and MEDICINES away or selling them at cost. We can't afford it, neither can anyone else; therefore we trust in the intelligence, good will and confidence of our customers.
